Educational Philosophy

As a Catholic educator, I want to make a difference in each one of my student's lives, while creating a safe, positive and structured learning environment to meet the needs of all my students. I believe that students should be provided an environment where students are able to build and deepen their relationship with God. As an educator, I feel that it is very important to promote virtues of wisdom, patience, and perseverance. My goal is to empower each student to realize that they are responsible for their progress and achievements. We are a team and we will succeed!
