Educational Philosophy:

As a teacher at Saint Anastasia, I look forward to providing my students with the sense of community and family. Together we will create a fun-loving, collaborative and effective environment that is best for our youngest learners. My goal is to make sure each student reaches their highest potential academically and personally. I look forward to building lasting relationships with our classroom family and giving my students a love for Christ. I believe that each individual who walks into my classroom is unique and special and I am eager to build a bond with each one of my students. All children in my classroom will be loved, empowered, challenged and cared for. Together we will become a wonderful classroom family!
