

Educational Philosophy
Stephanie Neill

As a Guidance Counselor at St. Anastasia Catholic School, I believe that every student is a child of God, each in possession of a unique set of strengths and talents. I believe that all students have individualized potential, and that students achieve optimum benefits from education when they are also given the opportunity to acquire personal, social, and spiritual growth skills along the way. Finally, I believe that by working collaboratively with other educators and family members, Guidance Counselors can facilitate a support system that promotes quality learning and supports psychological health, while working towards happiness and productive citizenship.
